Re: File No. 7509 – Telephone Equipment & Supplies

The following question was submitted and answered.

Question

1. I have enjoyed a 25year tenure with Total Communications working with municipalities andK12 on technology projects. My company is also on the Massachusetts State Contract. In reference to the bid attached I wanted to ask if a voice over internet protocol solution would be accepted for consideration. We do not provide digital technology anymore as it is outdated and there are many more advantages to a VOIP solution.

Answer

1. No, our VOIP solutions are handled by our IT Department.

All other details remain the same.
